## **Oil Lamp Take-and-Make Instructions**

### **Materials-**

- 1 mason jar with a metal lid (provided)
- 1 nail, drill or tool to puncture the lid
- 1 bottle of olive oil or indoor non-toxic burning oil
- 1 wick (provided)

### **Instructions-**

Make a small hole in the metal lid of your mason jar and feed your wick through the hole, leaving about a 1/2 inch of wick at the top. Fill 2/3 of your jar with the oil. Drop the long end of the wick into the jar and screw on the lid. Allow the wick absorb the oil up to its tip. Light the wick and enjoy your lamp! When the lamp is unlit, gently pull up more wick as needed. Tag us (#goflib) in a selfie with your finished product. [puttinajar.com](http://puttinajar.com)
