Wire Rings

GOFFSTOWN PUBLIC LIBRARY

Bling! Bling! Bling!

Rock your summer style with these sparkly wire wrapped rings. DIY never looked so good!

Supplies:

- Twelve inches (12") of wire
- One (1) bead
- Ring sizer, dowel, or other cylindrical object
- Pliers (optional)

Instructions:

1. Unbend your wire.

2. String the bead about halfway onto the wire **(Fig. 1).**

3. Place the bead onto the ring sizer or other cylindrical object. Wrap each end of the wire once around the ring sizer. Your result should look like **Fig. 2.**

4. Remove the ring from the ring sizer.

5. Wrap each end of the wire around the bead in a counterclockwise motion (**Fig. 3**). Leave one inch (1") of wire on each side.

6. Wrap remaining wire around the ring band **(Fig. 4).** This may be easier to do with pliers. Crimp sharp edges down.
