

Teen Melted Snowman

Ornament Teen-To-Go

1

Gather your supplies. You should have 1 small jar with cork stopper, 1/2 TB of coarse salt, 3 peppercorns, 2 Nerds candy pieces, small strip of fabric (.5 in x 5 in), toothpick, orange crayon, and piece of twine (9in). You may also need scissors.

2

Rub the ends of the fabric piece between your fingers to fray the fabric. Then loosely tie the fabric in the middle. This is the snowman's scarf.

3

Color one end of the toothpick with the orange crayon. Then cut the end off. Color the cut end. This is the snowman's nose. Keep the other part of the toothpick to use later.

4

Add the salt to the jar. Next drop in the 3 peppercorns (snowman's buttons), 2 Nerds candies (snowman's eyes), and the orange toothpick nose.

5

Add the scarf to the jar. Use the leftover end of the toothpick to help arrange the scarf and snowman parts if needed.

6

Push the cork stopper on nice and secure. Tie the twine around the neck of the jar and knot. Then knot the ends of the twine to make a loop. Hang on the tree!
